### Facts About May

According to the early Roman calendar, May was the third month. Later, the ancient Romans used January 1 for the beginning of their year, and May became the fifth month. May has always had 31 days. Several stories have been passed around to show how the month of May was named. The most widely accepted explanation is that it was named for Maia, the Roman goddess of spring and growth. May is one of the most beautiful months of the year. The first garden begins to sprout in May. And many birds have built their nests and mother birds are sitting on the eggs, which will soon hatch.

### What is a Mother?

It takes a Mother's love to make a house a home,  
A place to be remembered, no matter where we roam.  
It takes a Mother's patience to bring a child up right,  
And her courage and her cheerfulness to make a dark day bright.  
It takes a Mother's thoughtfulness to mend the heart's deep "hurts,"  
And her skill and her endurance to mend little socks and shirts.  
It takes a Mother's kindness to forgive us when we err,  
To sympathize in trouble and bow her head in prayer.  
It takes a Mother's wisdom to recognize our needs  
And to give us reassurance by her loving words and deeds.

Helen Steiner Rice

### BINGO FUN!!!
